**Technology Center 2100** 

Add Claims 93-109 appearing in the attached Appendix.

## REMARKS

Claims 93-109 are in the application.replacing claims 76-92 which were cancelled to expedite prosecution. The new claims were drafted to include the term "Internet" therein to avoid the Examiner's 112 Objections. Also, the term "subscriber" has been changed to include "remote computer", as is the case with internet access. As now drafted, claims 93-109 are believed to be distinguishable over the cited art, and are now in condition or allowance.

Applicant hereby repeats and incorporates by reference herein all of the arguments set forth in the prior responses to the rejections over the same references cited in the latest office action, which repeated the prior rejections. Since the instant rejections were substantially the same as previously made, except for the objection to non-recital of "Internet", and instant inclusion
